

CS304 Project Presentation

Team34

Retrospective

- In the first phase, our main accomplishments include:
 - 1. Some simple UI designs.
 - 2. Basic backend database.
 - 3. Interfaces reserved for communication between the frontend and backend.

Retrospective

- Problem we meet:
- In terms of frontend and backend port design, our initial requirements were somewhat chaotic. We added whatever requirements came to mind without a systematic design, which led to a rather messy code structure.

Retrospective

- What should we do in the future?
 - Remove hard code
 - systematically design interface
 - Avoid conflicts

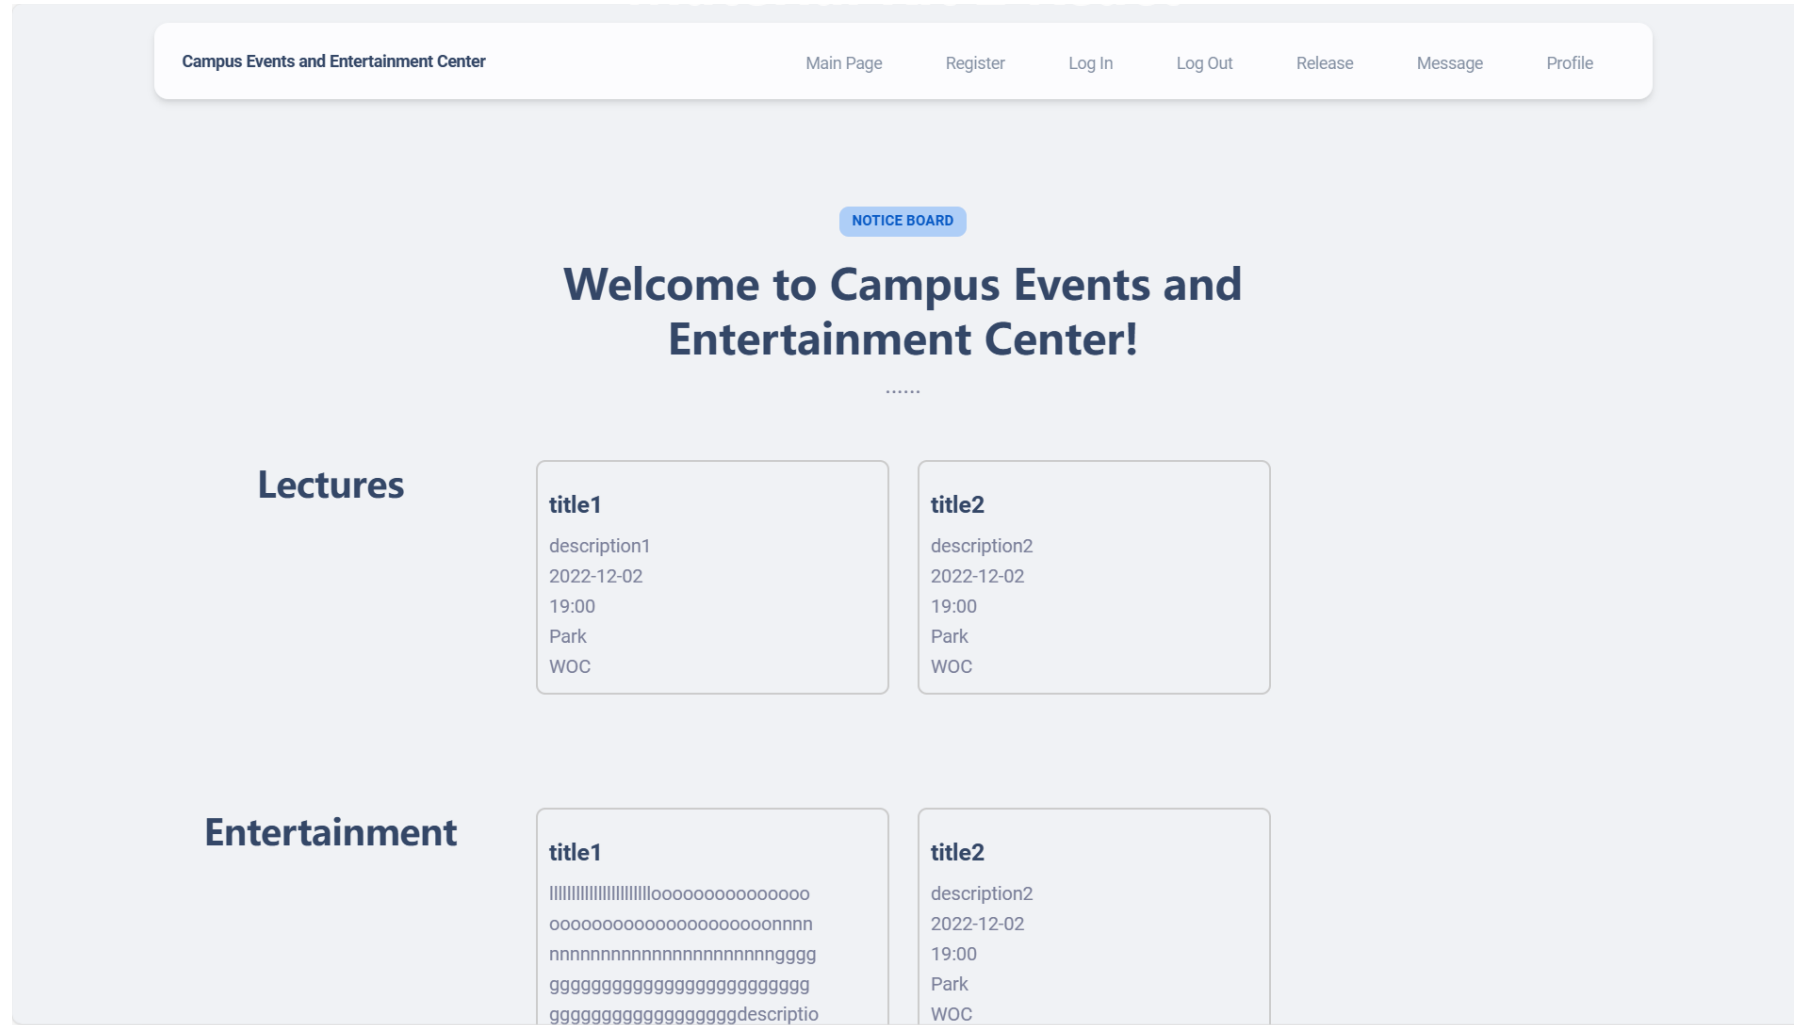

Future work

The image shows a Kanban board with three columns: 'Todo', 'In Progress', and 'Done'. Each column has a header with a colored circle, a title, a count, and a three-dot menu. The 'Todo' column has 3 items, 'In Progress' has 9 items, and 'Done' has 6 items. Each item is a card with a green circle icon, a team name, a number, and a title. The 'In Progress' column has a vertical scrollbar on its right side. At the bottom of each column is a '+ Add item' button.

Column	Item	Team	Count
Todo (3)	team-project-24spring-34 #34	Beautify webset	3
	team-project-24spring-34 #33	Guarantee stability	3
	team-project-24spring-34 #32	Butt joint	3
In Progress (9)	team-project-24spring-34 #26	Notification System (Backend)	9
	team-project-24spring-34 #17	Comment System	9
	team-project-24spring-34 #18	Notification System	9
	team-project-24spring-34 #27	Event release system (Backend)	9
	team-project-24spring-34 #25	Comment system (Backend)	9
	team-project-24spring-34 #23	Total Dataset	9
	team-project-24spring-34 #29	Category and searching system (Backend)	9
	team-project-24spring-34 #28	Booking system (Backend)	9
	team-project-24spring-34 #22	Discussion 1	9
Done (6)	team-project-24spring-34 #15	Login system(with basic dataset)	6
	team-project-24spring-34 #16	Basic Frontend	6
	team-project-24spring-34 #19	Event release System	6
	team-project-24spring-34 #21	Category and Searching System	6
	team-project-24spring-34 #20	Booking System	6
	team-project-24spring-34 #22	Discussion 1	6
